

Insurance and Risk Solutions for Dealerships

Manage the cost of risk across all aspects of your business

Today's dealership insurance marketplace presents unprecedented challenges, with increasingly tight margins prompting a sharper focus on cost reduction to boost profitability. For dealerships, controlling insurance expenses has become a top priority.

Services and products to help safeguard your business

Gallagher provides tailored insurance solutions designed to meet the unique challenges dealerships face in today's market, including:

- Property casualty
- Employee benefits
- 401(k) and defined benefit solutions
- Finance and insurance
- Payroll services
- Captive insurance programs

As well as robust insurance coverage programs, you can access extensive resources and services to effectively manage risks, including:

- Environmental health and safety
- Human resource consulting
- Dealership compliance
- Education and training
- Claims management
- Consulting
- Cyber risk management services

Partnering with Gallagher means a comprehensive approach to protecting your dealership, combining tailored insurance solutions with services designed to safeguard your assets and boost your bottom line.

A program designed around the needs of your dealership

Beyond insurance, Gallagher provides a comprehensive suite of services and products specifically tailored for dealerships, addressing the unique challenges they face in the current marketplace.
