BUSINESS WITHOUT BARRIERS™

GALLAGHER AVIATION PRACTICE

Aviation Risk Management Services

A photograph of a pilot in a cockpit, seen from behind, looking at the instrument panel. The pilot is wearing a white shirt and a dark tie. The cockpit is filled with various instruments and controls, including a large screen on the right side. The background is slightly blurred, focusing attention on the pilot and the text overlay.

A diverse group of industry insurance specialists.

You need expertise. We've got it.

The aviation industry continues to evolve as a result of advances in technology, training and safety. The issues you face encompass crew, employee and passenger safety, and also include financial, operational and terrorism concerns. You need an expert to help you navigate these risks. Gallagher Aviation's team has kept pace with the aviation industry and they are ready to partner with you.

Gallagher Aviation provides expertise and risk solutions around the world for aviation and aerospace organizations. This includes global specialty aviation and aerospace insurance brokerage, benefits consulting, risk management and non-traditional risk transfer. Our team of aviation experts will help you protect against unnecessary risk, identify and adapt strategies to accommodate the demands, conditions and continual shifts within your organization and the aviation sector overall.

Gallagher Aviation is a part of one of the leading insurance brokerages in the world. We are proud of our reputation as a solid, established company with a proven track record of success.

Expect more from your broker.

We have you covered under our wing.

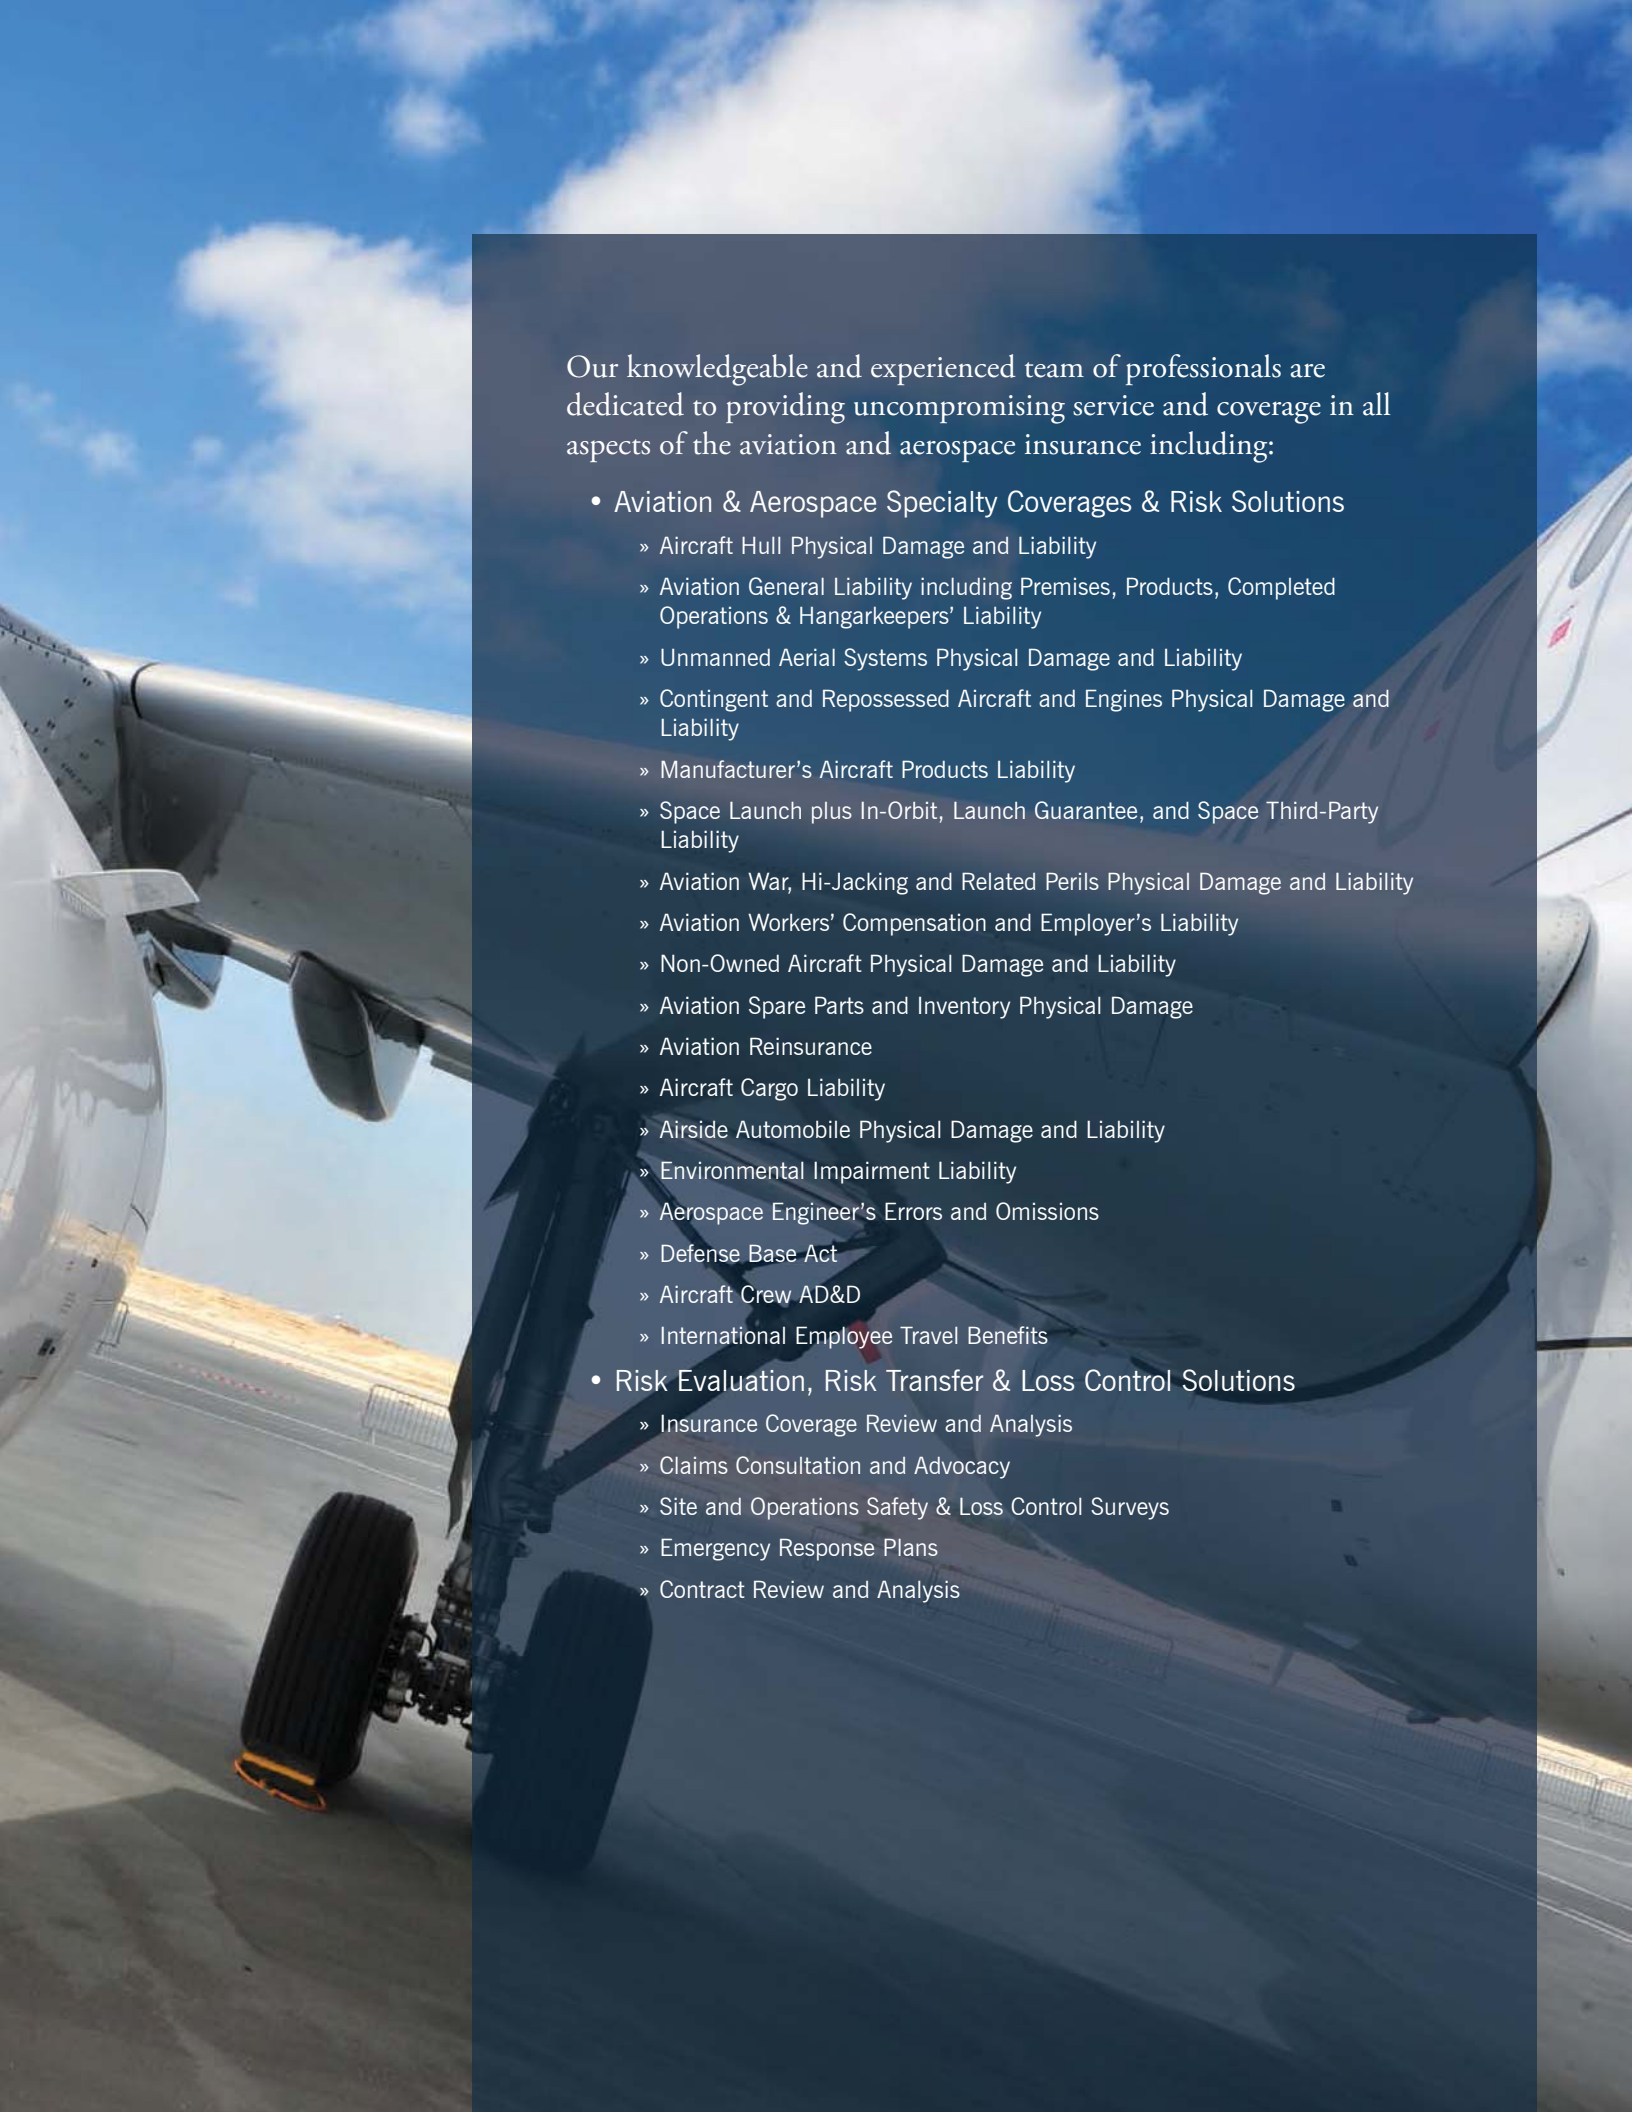

We excel at achieving what others consider impossible. Gallagher Aviation's team is experienced in delivering coverages, solutions and services to help evaluate and manage your risk exposures. Gallagher Global Aviation places a substantial volume of domestic and international insurance in both direct and reinsurance channels. This allows us to negotiate with a stronger position on our client's behalf, resulting in the most comprehensive coverage at the best premium possible. Our expertise includes foreign and domestic risk markets. Maintaining expertise and joint venture relationships around the world is a key component of our ability to deliver ever broader and more cost effective solutions to our customers.

Covered from every angle.

Customized insurance solutions provide you a safe landing.

To help protect you from unnecessary risk, our team of aviation experts will identify and implement strategies to accommodate the demands, conditions and continual shifts within your organization and the aviation sector overall. We will work with you to assess your risks and advise what coverages and risk management programs would be appropriate to mitigate these risks. We also have the capability to provide industry-leading emergency preparedness, safety and loss control services, if needed.

Our knowledgeable and experienced team of professionals are dedicated to providing uncompromising service and coverage in all aspects of the aviation and aerospace insurance including:
