The insurance requirements of the operators of ports and terminals are numerous and diverse. They can include both traditional marine and non-marine risks. At Gallagher, we have experience in designing and placing complex marine and property insurance programs specifically geared towards ports in the U.S. and worldwide.

We will negotiate with underwriters on your behalf to provide the best coverage for you, your facility and your exposures. We will assist you in identifying the issues that could have a major impact on the fulfillment of your business goals and thus enable you to make valued, strategic decisions based on a full awareness of the exposures and the available solutions.
